

Appendix VII: Historical Profile of Catalog Programs

The following list shows all programs printed in the *Catalog of Federal Domestic Assistance* beginning with the 1965 edition and the subsequent action taken related to that program.

For the years 1965, 1967, and 1969 the programs did not have numbers. They were identified only by their titles. Therefore, the first part of each agency listing shows programs by their title if they were in existence before 1970. The program numbering system was instituted in 1970.

The first line shows the number and title of the program when it was added to the *Catalog*. The second and subsequent lines show the year the program was added and any additional transactions, e.g., title changes, transfers, deletes, consolidations, agency reorganizations, number changes, etc., that may have followed. The alphabet B or U that follows a given year, indicates the transaction was made either in the basic (B) or the update (U) publication of the *Catalog*. In some instances, there is also a U1 and U2 behind the year. The U1 and U2 are the first and second updates respectively, published that year.
